IMPRESA PIZZAROTTI & C. S.P.A.

Impresa Pizzarotti & C. S.p.A. has a history stretching back 100 years. It was founded in 1910 by Gino Pizzarotti as a sole trader, since when it has undergone process of evolution that has never stopped. Converted in 1945 into a limited liability company by Pietro Pizzarotti, father of the current Chairman, Cavaliere del Lavoro Paolo Pizzarotti, in 1961 it became a joint stock company with a share capital of 200 million euros.

It was from the end of the 1950s that the company consolidated its position in the construction sector, becoming one of the most important and skilled companies in the country; this came about through the completion of large public and infrastructure works on behalf of both state bodies and the largest private companies in Italy.

Impresa Pizzarotti & C. S.p.A has been operating in Poland since 2015. Its business operations focus on building roads and motorways..

In relation to a large project, we needed comprehensive financial and accounting services with an extensive BI analytical module.

Because Sage Symfonia ERP is a comprehensive system designed for enterprise management, it ensured complete integration of data from various areas of our business. Its flexible structure allows it to be easily adapted to our company's needs. Thanks to Sage Symfonia ERP, the management of our company will be more intuitive, faster, easier and more effective.

BI reports developed by Magdalena Chomuszko meet the global standards required by our company.

Sage Symfonia ERP will also provide us with legal security as it is the first software suite in Poland that enables to generate Uniform Audit Files (Jednolity Plik Kontrolny, JPK).

We are convinced that with Sage Symfonia ERP and the experience of Sage consultants, our company will reap measurable benefits from IT support in enterprise management.
